# Experience the entire Black Forest at one discount price!

## The all-round SchwarzwaldCard

Experience what the black forest has to offer - active or relaxing - the Black Forest card „SchwarzwaldCard“ is your admission ticket for about 130 destinations for a day trip and attractions all over the Black Forest!

### When is it valid?

The Card provides multiple free admittance to the attractions named in the folding card on any three days chosen between 1 April 2013 – 31 March 2014, as well as one-time admittance to many select attractions outside of those three days (bonus partners). The canoe tour on the river Alten Elz, the Waldkurbad Spa in Freiburg, the Belchen Gondola during ski season, the ski lifts in the Feldberg area and the culinary specials can only be used one time.

The Vita Classica Thermal Spring allows two admittances. The SchwarzwaldCard Europa-Park additionally provides one free admittance to Germany's largest attraction park in Rust within the three days selected.

### If Max can't make it, then Moritz can go!

The SchwarzwaldCard is transferable from one day to the next. However, it is not transferable within one day.

### Family friendly!

The Schwarzwald FamilienCard is valid for 2 adults and 3 children. Children can even be young adults up to the age of 17. Only one card is issued, which can only be used by one family as a unit (family members do not receive individual cards).

# General terms and conditions of business for the SchwarzwaldCard (black forest card)

This translation of the general terms and conditions of business for the SchwarzwaldCard only serves the purpose of your convenience. Merely the German version of these general terms and conditions of business are legally binding.

Following terms and conditions of usage the issuing and use of the SchwarzwaldCard, called in this text SWC, are effective:

## 1. Contract basis:

Merely buying the SWC as such does not represent having a contract basis with one of the service providing partners named in this brochure/tourist guide SchwarzwaldCard. Service providing partners are firms that offer their services in the brochure/tourist guide SchwarzwaldCard. The holder of the ticket enters into the current contract with the service providing partner himself before or at the moment he uses the named service. The Schwarzwald Tourismus GmbH (STG) is not the tour operator and does not provide the services. It acts merely as an agent for the use of the services connected with the SWC. The service providing partners offer the holder of the ticket after a one-off payment the usage of the currently named services in the brochure/tourist guide SchwarzwaldCard.

## 2. Service level:

All service providing partners are obliged to make available all named SWC-services unrestricted and totally to the usual seasonal opening hours and their general terms and conditions of business to the holder of the SWC. Some service providing partners, however, have due to weather and seasonal conditions different operating times which do not cover the whole period of validity SWC. It is possible that the restrictions result out of individual blocking periods. STG will announce service unavailability (to the extent reported to STG) on the Internet. By purchasing a card, SWC holders agree to inform themselves accordingly via the Internet. The STG accepts no liability for the services of the service providing partners. The SWC entitles the holder of the ticket to repeated free admission to the attractions and facilities listed in the map during the period of validity of the ticket. The services of some service providing partners can only be used once or rather twice with the SWC. These services are marked as such in the brochure/ tourist guide.

## 3. Transferability:

The SWC can be transferred to another person from one day of use to the next. Within the day of use the card is non-transferable and is only valid in combination with a valid identity card.

## 4. Validity:

The season during which the services of the service providing partners can be used is mentioned in the map SchwarzwaldCard. The SWC is valid on any three days inside this season. The period of validity starts with the day of the first use and ends on the day of the last use at midnight. Besides this you can visit many selected attractions, listed in the map SWC as bonus-partners, each once also outside this three-day validity period. Every SWC use sets off a blocking period of eight hours vor the use of the services, so that a service which can be visited more than once, can be visited again but not before this time interval of eight hours expires.

## 5. Prices:

The mentioned prices in the brochure/tourist guide SWC and on the homepage [www.schwarzwaldcard.info](http://www.schwarzwaldcard.info) for the SWC are valid. The ticket remains in possession of the STG until it is paid.

## 6. Children's tickets:

In purchasing a SWC for adults, children between the ages of 4 and 11 inclusive can buy a SWC at a reduced price. Children below the age of 4 do not receive a ticket of their own, they, however, can make use of the services for free when they are with an adult in possession of a valid SWC.

## 7. Family ticket:

The family tickets are valid for two adults and three children under the age of 17 inclusive. The family receives only one ticket which the family can only use as a unit (family members do not receive the tickets of their own).

## 8. Usage:

To be able to use the ticket the holder of the ticket shows his SWC to the service providing partner, the service providing partner will then check the validity of the ticket at a terminal or through mere sight and check the identity of the holder before completion of the contract. The holder of the ticket has the obligation to show a valid identity card by request. If the holder can not do so, the service providing partner can refuse him the use of the SWC.

## 9. Misuse:

If a ticket is misused or in a case of suspicion of misuse the service providing partners have the right to or better still are obligated to withhold the SWC without replacement. The holder of the SWC is liable for misuse of the ticket and the use of the SWC by a third party.

10. If the SWC is stolen / lost he is obligated to report this theft to the following phone number +49 761.89646-75. The Schwarzwald Tourismus GmbH accepts no liability and no claim for a replacement or refund of the purchasing price exists.
