

## "Greifvogelpark Menter"

At 3 pm our friends are carefully prowling into Konzenberg and its bird of prey park. Just to make sure no raptor will discover them while he is flying around for one of the bird shows. But neither Kalle, Gustl or Mona have to be afraid. Martin Menter's owls and falcons are so well-behaved that even children can carry them on their arm - you just have to ask. In the park you can also see eagles, vultures, buzzards and goshawks, who all grow up there - a very interesting place, for which you should allow some extra time.

Opening hours: Wednesday to Sunday/Public Holidays from 12 am to 5 pm.

Jump into the refreshing water! The "Silbersee" and "Oberrieder Weiher" are the stars of the region. But there are many other lakes in the area which also invite you to take a bath. The water quality is perfect - and bathers are always welcome. An insider tip in Ichenhausen: the river swimming area on the "Günz" is one of the best.

## Perfect destinations for families

### Roman's Tower in Offingen

DESTINATION 11

Friends, Romans, fellow citizens! Here you can climb really high! If you have made it up the 128 steps you will be rewarded by a marvellous view: in one direction the Danube valley. In the other the Alps - absolutely beautiful! Just do it! By the way, the Roman Tower is located on an ancient Roman road, the "Via Danubia", which nowadays has been turned into a biking trail.

### Turncable = endless boarding fun!

DESTINATION 12

Wooooow - that's awesome! Not only wakeboarders and water ski fans meet up in Tannhausen, young families also come here to learn it. The site consists of two lakes, a sunbathing area with a free of charge bathing bay, a shop, a recreation area with a sunny terrace, a beach volleyball field and a lake restaurant. The two turncable lifts are almost unique in Germany.

### "Schulmuseum" Ichenhausen

DESTINATION 13

Fed up with school? Not here! Because in this museum of education you will see how lucky you are! School used to be completely different in Grandma's and Grandpa's times! You will discover how school was working back then in the "Bayerischen Schulmuseum". Tip: regularly changing special exhibitions will make your trip to Ichenhausen even more interesting.

### "Damenstift" Edelstetten

DESTINATION 14

Anyone who has been there enthuses about it: the former women's convent Edelstetten is a little Baroque jewel. The convent, situated in a romantic landscape, even used to be an important abbey of the German Empire. This beautiful church can be visited, however the Chinese Hall with its historical wallpapers is hardly ever open to the public. Anyway: Edelstetten is always worth a visit!

### Monastery Wettenhausen

DESTINATION 15

The same architect that built the convent in Edelstetten, was active in Wettenhausen only a few years before that. Here he built the monumental abbey that can be visited also from the inside by prior booking. The Dominican nuns will gladly show their guests the grand emperor hall, Jesus on the palm donkey and the secret passage to the church. And this church is also wonderfully baroque.

### Kneipp Walkabout + "Lauschtour" Krumbach

Ho ho ho: walking barefoot through the city? It's great fun! Because in Krumbach a barefoot trail is waiting for you as part of the Kneipp walkabout. (Barefoot-tip number 2: there is another lovely barefoot trail in Landensberg!). Besides you can find out who can stand it longer - your Mom, Dad or yourself! You can try a Kneipp treatment in the extremely cold little Krumbach brook. It's all for free, of course. And another tip: in Krumbach you'll also get something for your ears: it is the "Lauschtour Krumbach", which leads you all the way through the city and to the secret of the "bathing stone" in the Krumbach brook.

DESTINATION 16

Too beautiful for only one day! The Family and Children's region Günzburg County is an insider tip for a short trip. Find accommodations online or simply request our brochure.

### Maria Vesperbild

DESTINATION 17

A small trail is leading from the pilgrimage church deep into the dense beech grove. Calmness, birds' twittering, whispering voices, countless votive panels, candles and the statue of Virgin Mary make Maria Vesperbild a special place: the most important pilgrimage in Swabia. Some highlights are the blessing of vehicles and the candle processions on Pentecost Sunday and on 15th of August. Tip: visit the palace gardens on the Seyfried mountain (Seyfriedsberg) located high above Maria Vesperbild.

## DISCOVERING RIVER BIKE LANES

Amazing tours with nature and fun

### Biking trails

#### River biking trails

The **Danube Cycle Route** 1 will lead you along the Danube and you will certainly see some very rare plants and animals. Exmoor ponies, Angus cattle, beavers and curlews. The **Günz valley biking trail** 2 runs almost flatly along the river and beautiful lakes, leading towards the bird's paradise at the "Oberegger" barrier lake. Along the **Kammel valley biking trail** 3 - the home of our favorite explorer "Kalle Kammel" - on Sundays you can watch the working hammer mill in the Naichen museum. The **Mindel valley biking trail** 4 leads deeply into the Danube lowland forest, just before the river flows into the Danube at Mindeleck. This whole area is very beautiful.

### Günzburg Market Square

DESTINATION 5

If you watch out, you might discover our friend Gustl Günz somewhere. The idyllic market square in Günzburg is one of his favorite places. Here he can have a Pizza, or enjoy one of the traditional Bavarian-Swabian specialties, devour three scoops of Straciatella ice cream at the world champion ice-cream parlor, or if he wants to, just simply eat a Leberkäs bun. Free concerts are often played on the market square during the summer months as part of Günzburg's "Cultural Summer". In any case, the square is known as the "biggest open air catering place north of the Alps" - so it is a little piece of Italy in the Family and Children's Region. Isn't that great?

### "Lauschtour" + Ostrich Farm + Football Golf Course

Our friend Kalle is getting his money's worth here: like a world champion he is kicking the balls into the holes on the Football Golf Course. And when he finishes the course, he is runs through the long legs of the ostriches, annoying Ostrich-Mom and Ostrich-Dad with his behavior. However, all the little ostrich babies are not much bigger than him. He finds them so cute that he starts a race with them - until the fence where the "Lauschtour", a audio-guided tour via app, begins. There he needs Mona, who will show him the way...

DESTINATIONS 6+7

The brochure "Lauschtouren" is available for free at the Tourist Information Centre or at the Regionalmarketing Günzburg GbR.

## Hey! Biking is a lot of fun here!

### Cross-bikers

The "cross-bikers" are exactly what you would expect: they bike across the river, from one valley biking trail to the other, from east to west or the other way round. That way they can combine different parts of the valley biking trails with each other.

### Theme biking trails

You will find many different theme biking trails in the district like for example the "Holzwinkel" biking tour, the "energy quiz" tour, water marks tour, castles, bikers & beer and many more. Inter-regional tours also lead through this district.

For information on the cross-bikers trail connections and theme tours check our website: [www.familien-und-kinderregion.de/radfahren](http://www.familien-und-kinderregion.de/radfahren)

### Eat, drink well and enjoy...

There he is, Gustl Günz. Sitting there, munching and smacking - and enjoying life. Everyone knows the typical German beer gardens and sunny lake terraces. He likes to recharge his batteries in Autenried, at the "Silbersee" or in Ursberg. And after that he is again fit for the next stage of his adventure tour - until the next lunch-break comes.

### "Gartenhallenbad" Leipheim

DESTINATION 8

Have you already taken a slide today? A real slide? Have you slid down 80 meters and plunged into cozy warm water? Not yet? Well, then there you go! Big and small water-lovers will enjoy these swimming pools in winter as well as in summer time. If the weather is nice, you can lay outside in the sunbathing area. If it's uncomfortable, you can use the inside area with children's pools, in and outdoor pools and sauna. Talking about sauna-heat: the open-air pools in-between a real forest in Günzburg, just by the Danube, are a hot tip for really hot summer days!

### LEGOLAND® Deutschland + High Rope Course

What is even better than LEGOLAND? Exactly! It is LEGOLAND and its High Rope Course! Because there, with some skill and courage you can climb really high. Of course you will find attractions for old and young: ATLANTIS by SEA LIFE, Pirate Land, LEGO Factory, a 4D cinema, fantastic MINILAND and LEGO® Ninjago World. Nine adventure lands are waiting to be discovered - so let's go!
